Secure Empty Property

5D's of Property Security

Temporary steel security doors and window screens are a key line of defence, protecting your vacant property sites. **They Deter and Deny access to the property preventing vandalism, squatting, theft and arson.**

Deter

Formidable visual deterrent to trespassers

Distance

Keep intruders in clear sight away from cover

Detect

React to every trespasser entering the site

Deny

Delay access into buildings

Defend

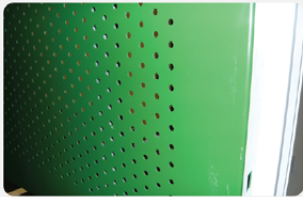

24-hour monitoring and response to site

Secure Empty Property has a comprehensive range of temporary steel security doors, modular window screens and custom anti-vandal systems developed from decades of experience in this market sector. Designed for commercial or residential property, a unique range of fixing methods and bespoke wooden framework options ensures that any vacant property can be secured – quickly and with minimal damage.

Unlike traditional plywood boarding, our range offers unique anti-tamper fixings together with natural light, ventilation and easy access into the property.

All steel security systems are available on a low-cost daily hire or one-off Advanced Rental basis inclusive of installation and removal.

| Product | Features | Application | Installation & operation |
|--|---|--|---|
|  <p>Steel Security Door</p> | <ul style="list-style-type: none"> - Fast installation to any entrance door - Wheelbarrow width access - Covers entire door aperture | <p>Residential & commercial property</p> |  <ul style="list-style-type: none"> - 2No 5-lever mortice deadlocks - 800-870mm widths - Telescopic back-bar fixing retaining existing entrance door |

Site installation compliance and Health & Safety

As experts in vacant property security, we ensure that all installation operations are conducted under the highest level of health and safety compliance.

This includes the use of our unique ladder hoists to raise our steel security products above ground floor level – safely for operatives and the public.

24-hour support - Nationwide

Our National Service Centre responds to your vacant property security issues 24/7/365. We provide a fast-response to secure sites including free site surveys and risk assessments together with fully costed proposals to meet property insurance conditions.
